Dimond Architects

Murphy Builders Qld has had the pleasure of working closely with Dimond Architects in a professional capacity for over 12 years. During this time Ian Dimond and his team have designed numerous developments for our clients, our business associates and ourselves.

The Dimond Architects team exemplify many admirable consulting and client liaising skills, consistently juxtaposed with design innovation, economy and industry relevant insight.

In our experience, each architect, designer and employee at Dimond Architects have been capable, personable, and professional. They each show great time management skills and the team is organized, efficient and extremely competent.

Dimond Architects have maintained an excellent rapport with Murphy Builders Qld clients, employees and management, as well as industry consultants and stakeholders alike; their professional interpersonal skills are second to none.

Leigh A Murphy
Director
